China?

We prefer (but how urgently? necessarily?)

To believe about ourselves + our gov:

- we are anti-imperial

Not an empire

for self-determination, independence

for democracy (

- we are a democracy

in foreign policy

- determine policy

- and hold leaders accountable

- "there are no secrets, promptly"

"If all come out - the NYT"

My Q: How do we change behavior + policy
despite: 1) power of interests
2)

(CIA is a "unaccountable" / rogue department)

(Does it matter whether PDS is part of
conspiring to pursue secret foreign policy
(imperial) (control of other govts/states/
regions - for secret interests - of secret
warriors - with secret allies (+ target-enemies)

or simply manipulated by it

PDS came
to me

(PDS thinks she was manipulated by
military into Laos)

(PDS, in effect, sees JFK assass. as the
kind of "deep event" that is characteristic
of formation of foreign policy, esp. at
critical junctures. TG; 9-11 (Chen, ^{not GWB: so what?} ^{weaver of})

Long...

(Clearly, JFK was not part of the
"deep event"

Permanent player

+ saw VN as aberration (like JFK assass.)

[He?]

PDS focuses her on means of empire; not corporate (individual)
influence on

THIS IS He'll have to skip the really
hard stuff about Nixon

Does PDS believe a JFK or Harbinger could
change policy and survive?

(this elimination is part of the
natural process of policy pursuit of
"deep state"?)

[Did JFK know of late plots against Castro?]
vs. Did?

A assess: absence of evidence of
pres. knowledge reflects effectiveness of
concealment, p.d. (plausible denial)

(Mandela, death of favela, Brazil —
banned, concealed)

(PDS revealed to me: Indonesia

in COG

drug role

basis for linking in conspiracy

"JFK assass + 9-11 both opened the door (like
Pearl Harbor, TG) to major wars — which
certainly don't look long wanted.

[or just — a readiness to exploit them.]

all bureaucratic thought is bureaucratically conditional.
